

Tau Chemicals Inc

MACROLUB 720

TECHNICAL DATA SHEET

Description:

Dicarboxylic acid (of saturated alcohols) ester and multifunctional neutral esters.

Properties:

White to lightly cream flakes, free of strange particles.
-Internal / external lubricant with optimal mold release effect.
-High compatibility.
-Suitable for transparent applications.

Application:

Macrolub 720 is used for production of rigid PVC as internal-external lubricant, this product is special for manufacture of bottles and clear films.
The very good thermal stability and low volatility of this kind of esters, make it an excellent process agent for thermoplastics at high temperature.

Dosage:

0.3 to 1.0 P.H.R.

Packing:

Kraft paper sacks / 25 Kg.

Storage:

Store in cool place, the sacks must be kept hermetically closed.
